## **DETAILED ACTION**

### ***Election/Restrictions***

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-4, drawn to an aircraft seating arrangement.

Group II, claim(s) 5-6, drawn to an aircraft seating arrangement.

Group III, claim(s) 7-8, drawn to an aircraft seating arrangement.

Group IV, claim(s) 9, drawn to an aircraft seating arrangement.

Group V, claim(s) 10-13, drawn to a method of arranging seats.

2. The inventions listed as Groups I-V do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: they do not conform to the rules of categories as seen in 37 CFR 1.475. There are 5 groups of inventions when it is only proper to include those inventions as seen in numbers 1-5 of the rules. Also the details of the arrangements are not included in each and every invention claimed.

3. A telephone call was not made to request an oral election to the above restriction requirement because of complexity, and did not result in an election being made.
